Trading Update

Fiberweb plc, the international nonwoven fabrics producer, is today publishing a trading statement, ahead of interim results for the six-month period ending 30 June 2008, which will be announced on 7 August 2008.

The Board is pleased to report that since the issue of our Interim Management Statement on 2 May 2008, the Company has continued to perform in line with its expectations.

Total sales are slightly ahead of the prior year at constant currency, with growth in hygiene more than offsetting the downturn in US and European construction markets.

During the first half, efficiency improvements and pricing actions have outweighed the impact of raw material costs which, notwithstanding record oil prices, have been somewhat constrained in Europe, but have increased considerably in the USA. As a result, margins remain in line with the Company's expectations.

The introduction of new lines and cost

reductions during the first half of 2008 are expected to impact performance positively in the second half.

As indicated in the Interim Management Statement, the Company is in the process of implementing additional cost reductions, further details of which will be given at the time of the interim results.

Fiberweb plc (‘Fiberweb’)

Divestment of 15% interest in Saudi German Nonwoven Products Company for US\$7.28 million (c.£3.7million)

Fiberweb plc is pleased to announce that it has completed the sale of its 15% interest in Saudi German Nonwoven Products Company (“SGN”) to its fellow shareholders, Zamil Group Holding Company and Al-Rajhi House Enterprises for a cash consideration of US\$7.28 million (c.£3.7 million). Prior to completion of the transaction, Fiberweb also received a special dividend of US\$1.72 million (c.£0.9 million).

The combined proceeds, net of an estimated US\$1.36 million (c.£0.7 million) of associated tax, will be used to reduce Group debt.

SGN manufactures nonwoven materials predominantly for hygiene applications from its manufacturing site at Al-Khobar, Saudi Arabia. Fiberweb’s share of SGN’s gross assets as at 31 December 2007 was Saudi Riyals 42.6million (c.£5.8 million) and Fiberweb’s share of the pre-tax profit attributable to the business was Saudi Riyals 3.8 million (c.£0.5 million) for the year ended 31 December 2007. The disposal will result in a post tax gain of approximately US\$5.0 million (c.£2.5 million) in

addition to the dividend received.

Commenting on the disposal, Fiberweb's CEO Daniel Dayan said:

"Fiberweb has enjoyed a long and successful relationship with its Saudi partners in the development of SGN. However, as we review our portfolio and investment options, we are focusing our efforts on ventures where we have a significant interest or control.

The sale of our 15% interest in SGN is a positive step and, as with the proposed sale of Bidim, which we announced on 30 April 2008, is in line with our ongoing programme of business simplification and focus on core hygiene and speciality industrial businesses."
